**AT THE MAY 2010 MEETING**

**St. Alphonsus Parking Lot**

Father James Hurlbert, Pastor of St. Alphonsus was introduced to discuss the zoning issue regarding the St. Al’s parking lots. He stated that
the parking meters were originally installed to control access to the parking lot to insure parking for Mass and Parish events and incidentally to generate a modest amount of income. Unknown to St. Al’s, the zoning of the Church’s parcel and the corner parcel at Oakdale and Southport did not support a pay parking lot and in late 2009, the City of Chicago caused St. Al’s to cease operations until zoning was corrected. The current zoning of RS-3.5 needed to be increased to RT-4.0. Area residents were concerned that after the zoning upgrade, St. Al’s could legally build a large development or operate various businesses with that zoning. St. Alphonsus has agreed that after receiving the appropriate zoning and obtaining their pay parking lot license, these parcels will be downzoned back to RS-3.5 in order to protect the neighborhood from a large multi-story development being built by the Archdiocese. In a very important side issue, the parking lot at the corner of Southport and Oakdale (formerly the site of the Zum Duetschen Eck Restaurant) was sitting there zoned RM-5 since the demolition of that business. That parcel was to be downzoned years ago after the condominium development at George and Southport was completed. St. Al’s has agreed to downzone this parcel to the RT-3.5 designation. In addition, St. Alphonsus has agreed to sign a “Restricted Covenant” that after all this rezoning is complete, they will not build any buildings or expand any uses inconsistent with the RT-3.5 zoning except for licensing paid parking. Did you follow that? A vote was taken regarding the proposed zoning changes. In favor = YES 31, not in favor = NO 3. The information was forwarded to the Alderman’s office.

Cody’s Public House – Beer Garden
Located at 1658 W. Barry, the owner Gene Frankowski has been operating a beer garden, unknown to him, without an appropriate license. Mr. Frankowski presented the plan which included 7 tables with 28 total seats, wooden benches, a bocce ball and beanbag toss area. The comments regarding Cody’s operations were overwhelmingly positive. A vote was taken for the submitted plans. In favor = YES 41, not in favor = NO 1. The information was forwarded to the Alderman’s office.

3000-3100 N. Southport – updated discussion of future zoning issues
The second discussion relating to potential zoning issues on these two blocks based on the information gathered at the March and April meetings and new information based on a parking space inventory conducted by SLN. The blocks are currently zoned RT-3.0 which allows for the construction of single-family homes only. The floor was opened for general comments and discussion. The attendees representing property owners on these two blocks was overwhelmingly against the development of 3 or 6 unit condominiums as seen on Southport north of Belmont. Developers and their attorneys lobbied for condominium development. A hand vote was taken to determine if upzoning to RT-4.0 should be allowed for the development of 3-6 unit condominiums. In favor of upzoning to Rt-4.0 = YES 3, not in favor of upzoning = NO 21. This information was forwarded to the Alderman’s office.

Subsequent to this hand vote, an owner raised the issue as to support for zoning to RT-4.0 for larger single-family homes. SLN and the NDRC agreed to examine this issue during the coming months.
OFFICERS AND DIRECTORS – Election 2010
The slate was presented to the membership. Nominations from the floor were solicited. A motion was presented from the floor to nominate Susan Radzinowicz for a 3rd term as President. It was noted that the SLN By-laws allow only for a 2-year term. The motion was withdrawn. A motion was made from the floor to accept the slate as presented. The motion was accepted and the current slate was adopted.
